### Subpart C—Disclosure of Official Records and Information

#### §401.100 Disclosure of records with the consent of the subject of the record.

(a) Except as permitted by the Privacy Act and the regulations in this chapter, or if required by the FOIA, we will not disclose your record without your written consent. The consent must specify the individual, organizational unit or class of individuals or organizational units to whom the record may be disclosed, which record may be disclosed and, where applicable, during which time frame the record may be disclosed (e.g., during the school year, while the subject individual is out of the country, whenever the subject individual is receiving specific services). We will not honor a blanket consent to disclose all your records to unspecified individuals or organizational units. We will verify your identity and, where applicable (e.g., where you consent to disclosure of a record to a specific individual), the identity of the individual to whom the record is to be disclosed.

(b) A parent or guardian of a minor is not authorized to give consent to a disclosure of the minor's medical record. See §401.55(c) for the procedures for disclosures of or access to the medical records of minors.

#### §401.105 Disclosure of personal information without the consent of the subject of the record.

(a) SSA maintains two categories of records which contain personal information:

(1) Nonprogram records, primarily administrative and personnel records which contain information about SSA's activities as a government agency and employer, and

(2) Program records which contain information about SSA's clients that it keeps to administer benefit programs under Federal law.

(b) We apply different levels of confidentiality to disclosures of information in the categories in paragraphs (a) (1) and (2) of this section. For administrative and personnel records, we apply the Privacy Act restrictions on disclosure. For program records, we apply somewhat more strict confidentiality standards than those found in the Privacy Act. The reason for this difference in treatment is that our program records include information about a much greater number of persons than our administrative records, the information we must collect for program purposes is often very sensitive, and claimants are required by statute and regulation to provide us with the information in order to establish entitlement for benefits.

#### §401.110 Disclosure of personal information in nonprogram records without the consent of the subject of the record.

The disclosures listed in this section may be made from our nonprogram records, e.g., administrative and personnel records, without your consent. Such disclosures are those:

(a) To officers and employees of SSA who have a need for the record in the performance of their duties. The SSA official who is responsible for the record may upon request of any officer or employee, or on his own initiative, determine what constitutes legitimate need.

(b) Required to be disclosed under the Freedom of Information Act, 5 U.S.C. 552, and 20 CFR part 402.

(c) For a routine use as defined in §401.25 of this part. Routine uses will be listed in any notice of a system of records. SSA publishes notices of systems of records, including all pertinent routine uses, in the FEDERAL REGISTER.

(d) To the Bureau of the Census for purposes of planning or carrying out a census or survey or related activity pursuant to the provisions of Title 13 U.S.C.

(e) To a recipient who has provided us with advance written assurance that
