

## Employment and Training Administration, Labor

## § 631.32

(ii) The Governor may, under exceptional circumstances, authorize rapid response assistance provided by a State dislocated worker unit when the layoff is less than 50 or more individuals, is not at a single site of employment, or does not take place during a single 30 day period. For purposes of this provision, *exceptional circumstances* include those situations which would have a major impact upon the community(ies) in which they occur (section 314(b)).

(c) *Labor-management committees*. As provided in sections 301(b)(1) and 314(b)(1)(B) of the Act, labor-management committees are a form of rapid response assistance which may be voluntarily established to respond to actual or prospective worker dislocation.

(1) Labor management committees ordinarily include (but are not limited to) the following:

(i) Shared and equal participation by workers and management, with members often selected in an informal fashion;

(ii) Shared financial participation between the company and the State, using funds provided under Title III of the Act, in paying for the operating expenses of the committee; in some instances, labor union funds may help to pay committee expenses;

(iii) A chairperson, to oversee and guide the activities of the committee who—

(A) Shall be jointly selected by the labor and management members of the committee;

(B) Is not employed by or under contract with labor or management at the site; and

(C) Shall provide advice and leadership to the committee and prepare a report on its activities;

(iv) The ability to respond flexibly to the needs of affected workers by devising and implementing a strategy for assessing the employment and training needs of each dislocated worker and for obtaining the services and assistance necessary to meet those needs;

(v) A formal agreement, terminable at will by the workers or the company management, and terminable for cause by the Governor; and

(vi) Local job identification activities by the chairperson and members of

the committee on behalf of the affected workers.

(2) Because they include employee representatives, labor-management committees typically provide a channel whereby the needs of eligible dislocated workers can be assessed, and programs of assistance developed and implemented, in an atmosphere supportive to each affected worker. As such, committees must be perceived to be representative and fair in order to be most effective.

### § 631.31 Monitoring and oversight.

The Governor is responsible for monitoring and oversight of all State and substate grantee activities under this part. In such monitoring and oversight of substate grantees, the Governor shall ensure that expenditures and activities are in accordance with the substate plan or modification thereof, and with the cost limitations described in § 631.14 of this part.

### § 631.32 Allocation of funds by the Governor.

Of the funds allotted to the Governor by the Secretary under §§ 631.11 and 631.12 of this part:

(a) The Governor shall issue allocations to substate grantees, the sum of which shall be no less than 50 percent of the State's allotment (section 302(d)).

(b)(1) The Governor shall prescribe the formula to be used in issuing substate allocations required under paragraph (a) of this section to substate grantees.

(2) The formula prescribed pursuant to paragraph (b)(1) of this section shall utilize the most appropriate information available to the Governor. In prescribing the formula, the Governor shall include (but need not be limited to) the following information:

(i) Insured unemployment data;

(ii) Unemployment concentrations;

(iii) Plant closing and mass layoff data;

(iv) Declining industries data;

(v) Farmer-rancher economic hardship data; and

(vi) Long-term unemployment data.

(3) The Governor may allow for an appropriate weight for each of the formula factors set forth in paragraph
