least one core service, and are determined by a One-Stop operator to be in need of intensive services to obtain or retain employment that leads to self-sufficiency, as described in § 663.230.

§ 663.230 What criteria must be used to determine whether an employed worker needs intensive services to obtain or retain employment leading to “self-sufficiency”?

State Boards or Local Boards must set the criteria for determining whether employment leads to self-sufficiency. At a minimum, such criteria must provide that self-sufficiency means employment that pays at least the lower living standard income level, as defined in WIA section 101(24). Self-sufficiency for a dislocated worker may be defined in relation to a percentage of the layoff wage. The special needs of individuals with disabilities or other barriers to employment should be taken into account when setting criteria to determine self-sufficiency.

§ 663.240 Are there particular intensive services an individual must receive before receiving training services under WIA section 134(d)(4)(A)(i)?

(a) Yes, at a minimum, an individual must receive at least one intensive service, such as development of an individual employment plan with a case manager or individual counseling and career planning, before the individual may receive training services.

(b) The case file must contain a determination of need for training services under § 663.310, as identified in the individual employment plan, comprehensive assessment, or through any other intensive service received.

§ 663.245 What is the individual employment plan?

The individual employment plan is an ongoing strategy jointly developed by the participant and the case manager that identifies the participant's employment goals, the appropriate achievement objectives, and the appropriate combination of services for the participant to achieve the employment goals.

20 CFR Ch. V (4–1–01 Edition)

§ 663.250 How long must an individual participant be in intensive services to be eligible for training services?

There is no Federally-required minimum time period for participation in intensive services before receiving training services. The period of time an individual spends in intensive services should be sufficient to prepare the individual for training or employment. (WIA sec. 134(d)(4)(A)(i).)
