

§ 702.175

20 CFR Ch. VI (4-1-01 Edition)

(b) *Action by the Director.* The Director or his/her designee shall review the application within thirty (30) days of its receipt.

(1) Where the application is complete and shows that all requirements under § 702.173 are met, the Director shall promptly notify the employer by certified mail, return receipt requested, that certification has been approved and will be effective on the date specified. The employer is required to post notice of the exemption at a conspicuous location.

(2) Where the application is incomplete or does not substantiate that all requirements of section 3(d) of the Act, 33 U.S.C. 903(d), have been met, or evidence shows the facility is not eligible for exemption, the Director shall issue a letter which details the reasons for the deficiency or the rejection. The employer/applicant may reapply for certification, correcting deficiencies and/or responding to the reasons for the Director's denial. The Director or his/her designee shall issue a new decision within a reasonable time of re-application following denial. Such action will be the final administrative review and is not appealable to the Administrative Law Judge or the Benefits Review Board.

(c) The Director or another designated individual at any time has the right to enter on and inspect any facility seeking exemption for purposes of verifying information provided on the application form.

(d) *Action by the employer.* Immediately upon receipt of the certificate of exemption from coverage under the Act the employer shall post:

(1) A general notice in a conspicuous place that the Act does not cover injuries sustained at the facility in question, the basis of the exemption, the effective date of the exemption and grounds for termination of the exemption.

(2) A notice, where applicable, at the entrances to all areas to which the exemption does not apply.

(Approved by the Office of Management and Budget under control number 1215-0160)

§ 702.175 Effect of work on excluded vessels; reinstatement of certification.

(a) When a vessel other than a small commercial vessel, as defined in § 702.172, enters a facility which has been certified as exempt from coverage, the exemption shall automatically terminate as of the date such a vessel enters the facility. The exemption shall also terminate on the date a contract for a Federal maritime subsidy is entered into, and, in the situation where the facility undertakes to build a vessel other than a small vessel, when the construction first takes on the characteristics of a vessel, i.e., when the keel is laid. All duties, obligations and requirements imposed by the Act, including the duty to secure compensation liability as required by sections 4 and 32 of the Act, 33 U.S.C. 904 and 932, and to keep records and forward reports, are effective immediately. The employer shall notify the Director or his/her designee immediately where this occurs.

(b) Where an exemption certification is terminated because of circumstances described in (a), the employer may apply for reinstatement of the exemption once the event resulting in termination of the exemption ends. The re-application shall consist of a reaffirmation of the nature of the business, an explanation of the circumstances leading to the termination of exemption, and an affidavit by the appropriate person affirming that the circumstances prompting the termination no longer exists nor will they reoccur in the foreseeable future and that the facility is engaged in building, repairing or dismantling exclusively small vessels. The Director or the Director's designee shall respond to the complete re-application within ten working days of receipt.
