§ 702.505 Vocational rehabilitation; referrals to other public and private agencies.

Referrals to such other public and private agencies providing assistance to disabled persons such as public welfare agencies, Public Health Services facilities, social services units of the Veterans Administration, the Social Security Administration, and other such agencies, shall be made by the vocational rehabilitation adviser, where appropriate, on an individual basis when requested by disabled employees. Such referrals do not provide for a service cost reimbursement by the Department of Labor.

(b) Training programs shall be developed to meet the varying needs of eligible beneficiaries, and may include courses at colleges, technical schools, training at rehabilitation centers, on-the-job training, or tutorial courses. The courses shall be pertinent to the occupation for which the employee is being trained.

§ 702.507 Vocational rehabilitation; maintenance allowance.

(a) An injured employee who, as a result of injury, is or may be expected to be totally or partially incapacitated for a remunerative occupation and who, under the direction of the Director is being rendered fit to engage in a remunerative occupation, shall be paid additional compensation necessary for this maintenance, not exceeding \$25 a week. The expense shall be paid out of the special fund established in section 44 of the Act, 33 U.S.C. 944. The maximum maintenance allowance shall not be provided on an automatic basis, but shall be based on the recommendation of a State agency that a claimant is unable to meet additional costs by reason of being in training.

(b) When required by reason of personal illness or hardship, limited periods of absence from training may be allowed without terminating the maintenance allowance. A maintenance allowance shall be terminated when it is shown to the satisfaction of the Director that a trainee is not complying reasonably with the terms of the training plan or is absenting himself without good cause from training so as to materially interfere with the accomplishment of the training objective.

(c) A rehabilitation employee's written consent is secured for release of information regarding disability to a person, agency, or establishment seeking
