§ 344.4 What are Time Deposit securities?

Time deposit securities are issued as certificates of indebtedness, notes and bonds.

(a) *What are the terms of maturity?* The issuer must fix the maturity periods for time deposit securities, which are issued as follows:

Time deposit securities	Maturity range	
	From	Up to and including
Certificates of Indebtedness that bear no interest	15 days	1 year.
Certificates of Indebtedness	30 days	1 year.
Notes	1 year and 1 day	10 years.
Bonds	10 years and 1 day	40 years; provided that for any subscription for a bond exceeding 30 years, the maximum available rate must be the rate on a 30-year bond.

(b) *How are SLGS rates determined?* For each security, the issuer shall designate an interest rate that does not exceed the maximum interest rate shown in the daily SLGS rate table as defined in § 344.1.

(1) *When is the SLGS rate table released?* We release the SLGS rate table to the public by 10:00 a.m., Eastern time, each business day. If we find that due to circumstances beyond our control the SLGS rate table is not available at that time on any given business day, the SLGS rate table for the preceding business day applies.

(2) *How do I lock in a SLGS rate?* The applicable daily SLGS rate table for a non-Internet subscription is the one in effect on the date the initial subscription is faxed, postmarked, or carrier date stamped. The applicable daily SLGS rate table for a SLGSafeSM Internet initial subscription is the one

in effect on the date shown on Public Debt's Application server.

(3) *Where can I find the SLGS rate table?* The SLGS rate table can be obtained:

(i) On the Internet at Public Debt's website; or

(ii) By calling DSI at (304) 480-7752.

(c) *How are interest computation and payment dates determined?* Interest on a certificate of indebtedness is computed on an annual basis and is paid at maturity with the principal. Interest on a note or bond is paid semi-annually. The issuer specifies the first interest payment date, which must be at least thirty days and less than or equal to one year, from the date of issue. The final interest payment date must coincide with the maturity date of the security. Interest for other than a full interest period is computed on the basis of a 365-day or 366-day year (for certificates of indebtedness) and on the basis of the
