(p) *Certification by officials.* (1) Every formal request shall include one or more certifications stating that the cost statements and supporting data submitted as a part of the formal request, as well as the accompanying workpapers, which purport to reflect the books of the Postal Service, accurately set forth the results shown by such books.

(2) The certificates required by paragraph (p)(1) of this section shall be signed by one or more representatives of the Postal Service authorized to make such certification. The signature of the official signing the document constitutes a representation that the official has read the document and that, to the best of his/her knowledge, information and belief, every statement contained in the instrument is proper.

(q) *Opinion of independent public accountant.* Every formal request shall include an opinion from an independent public accountant to the extent and as required by 39 U.S.C. 2008(e).

(r) *Special waiver provision for minor rate cases.* The Commission may, upon the filing of a proper motion by the Postal Service, together with a showing of good cause therefor, waive certain of the filing requirements of paragraphs (b) through (q) of this section if in the Commission's judgment it has been demonstrated that the proposed change in a rate or rates of postage and a fee or fees for postal service does not significantly change the then effective rates and fees or alter the cost-revenue relationships of the various classes and types of postal services.

(s) *Rejection of requests.* The Commission may reject any request under this subpart that patently fails to substantially comply with any requirements of this subpart.

The Commission will stay proceedings only if it finds that failure to supply adequate information interferes with the Commission's ability promptly to consider the request and to conduct its proceedings with expedition in accordance with the Act.

### § 3001.57 Market response rate requests for express mail service—purpose and duration of rules.

(a) This section and §§ 3001.58 through 3001.60 only apply in cases in which the Postal Service requests an expedited recommended decision pursuant to section 3622 of the Postal Reorganization Act on changes in rates and fees for Express Mail service, where the proposed changes are intended to respond to a change in the market for expedited delivery services for the purpose of minimizing the loss of Express Mail contribution to institutional costs recommended in the most recent omnibus rate case. These rules set forth the requirements for filing data in support of such rate proposals and for providing notice of such requests, and establish an expedited procedural schedule for

evaluating Market Response Rate Requests. These rules may not be used when the Postal Service is requesting changes in Express Mail rates as part of an omnibus rate case.

(b) This section and §§ 3001.58 through 3001.60 are effective November 28, 2001 through November 28, 2006.

[66 FR 54438, Oct. 29, 2001]

**§ 3001.58 Market response rate requests—data filing requirements.**

(a) Each formal request made under the provisions of §§ 3001.57 through 3001.60 shall be accompanied by such information and data as are necessary to inform the Commission and the parties of the nature and expected impact of the change in rates proposed. Except for good cause shown, the information specified in paragraphs (c) through (i) shall also be provided with each request.

(b) Except as otherwise expressly provided in this section, the information required by § 3001.54 (b) through (r) must be filed only for those subclasses and services for which the Postal Service requests a change in rates or fees. Test period volume, cost, and revenue estimates presented in satisfaction of rule 58 shall be for four postal quarters beginning after the filing date of the request. The cost roll-forward may be developed by extending the cost forecasting model used in the last omnibus rate case (utilizing available actual data). Volume and revenue estimates required by these rules shall utilize, to the extent practicable, the factors identified in rule 54(j)(6), and must be fully explained, with all available supporting documentation supplied, but they need not be econometrically derived.

(c) Every formal request made under the provisions of §§ 3001.57 through 3001.60 shall contain an explanation of why the change proposed by the Postal Service is a reasonable response to the change in the market for expedited delivery services to which it is intended to respond.

(d) Every formal request made under the provisions of §§ 3001.57 through 3001.60 shall be accompanied by the then effective Domestic Mail Classification Schedule sections which would have to be altered in order to imple-

ment the changes proposed by the Postal Service, and, arranged in a legislative format, the text of the replacement Domestic Mail Classification Schedule sections the Postal Service proposes.

(e) In addition to the required test period cost estimates, every formal request made under the provisions of §§ 3001.57 through 3001.60 shall be accompanied by a statement of the attributable costs by segment and component for Express Mail service determined in accordance with the attributable cost methodology adopted by the Commission in the most recent omnibus rate case, for the base year used in that case, and for each fiscal year thereafter for which cost data is available. If the Postal Service believes that an adjustment to that methodology is warranted it may also provide costs using alternative methodologies as long as a full rationale for the proposed changes is provided.

(f) Each formal request made under the provisions of §§ 3001.57 through 3001.60 shall include a description of all operational changes, occurring since the most recent omnibus rate case, having an important impact on the attributable cost of Express Mail. Postal Service shall include an analysis and estimate of the cost impact of each such operational change.

(g) Every formal request made under the provisions of §§ 3001.57 through 3001.60 shall be accompanied by a statement of the actual Express Mail revenues of the Postal Service from the then effective Express Mail rates and fees for the most recent four quarters for which information is available.

(h) Each formal request made under the provisions of §§ 3001.57 through 3001.60 shall be accompanied by a complete description of the change in the market for expedited delivery services to which the Postal Service proposal is in response, a statement of when that change took place, the Postal Service's analysis of the anticipated impact of that change on the market, and a description of characteristics and needs of customers and market segments affected by this change which the proposed Express Mail rates are designed to satisfy.
