

## Postal Rate Commission

## § 3004.7

will be charged for the cost of duplication only (excluding charges for the first 100 pages). To be eligible for this category, a requester must show that the request is made under the auspices of a qualifying institution and that the records are not sought for commercial use but are in furtherance of scholarly (in the case of educational institutions) or scientific (in the case of non-commercial scientific institutions) research.

(iii) A request from a representative of the news media will be charged the cost of duplication only (excluding charges for the first 100 pages).

(iv) A request from any other requester will be charged the full direct cost of searching for and duplicating records responsive to the request, except that the first 100 pages of duplication and the first two hours of search will be furnished without charge.

(v) A request from a record subject for records about himself or herself filed in a Commission Privacy Act system of records will be charged fees as provided under the Commission's Privacy Act regulations in part 3003 of this chapter.

(2) Fees will be calculated as follows:

(i) Manual search: At the salary rate (basic pay plus 16 percent) of the employee(s) making the search. Search time may be charged for even if the Commission fails to locate records or if records located are exempt from disclosure.

(ii) Computer search: At the actual direct cost of providing the search, including computer search time directly attributable to searching for records responsive to the request, runs, and operator salary apportionable to the search.

(iii) Review (commercial-use requests): At the salary rate (basic pay plus 16 percent) of the employee(s) conducting the review. Charges are imposed only for the review necessary at the initial administrative level to determine the applicability of any exemption, and not for review at the administrative appeal level of an exemption already applied.

(iv) Duplication: At 15 cents per page for paper copy, which the Commission has found to be the reasonable direct cost thereof. For copies of records pre-

pared by computer (such as tapes or printouts), the actual cost of production, including operator time, will be charged.

(v) Additional services: Postage, insurance, and other additional services that may be arranged for by the requester will be charged at actual cost.

(d) Interest at the rate prescribed in 31 U.S.C. 3717 will be charged on unpaid fee bills, starting on the 31st day after the bill was sent. Receipt of a fee by the Commission, whether processed or not, will stay the accrual of interest.

(e) Advance payment may be required only when the allowable fees are likely to exceed \$250, in which case advance payment in part or in full may be required of requesters with no history of prompt payment, and satisfactory assurance of payment from requesters with such history; or when the requester has previously failed to pay a fee timely (within 30 days of the billing date), in which case the Commission may require full payment of the amount owed, plus applicable interest, or a demonstration that the fee has in fact been paid, together with full advance payment of the estimated fee. When advance payment is required, the administrative time limits prescribed in subsection (a)(6) of the FOIA begin only after such payment has been received.

(f) Records will be provided without charge or at a reduced charge if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.

### §3004.7 Aggregation of requests.

Should the Secretary or the Commission reasonably believe that a requester or a group of requesters acting in concert, have attempted to evade fees or to seek a procedural advantage over other requesters by breaking down a request into a series of requests, the Commission may aggregate the separate requests and treat them as a single request. Multiple requests involving unrelated subjects will not be aggregated.
