§ 1.48 Correction of inventorship in a patent application, other than a reissue application.

(a) If the inventive entity is set forth in error in an executed § 1.63 oath or declaration in an application, other than a reissue application, and such error arose without any deceptive intention on the part of the person named as an inventor in error or on the part of the person who through error was not named as an inventor, the application may be amended to name only the actual inventor or inventors. When the application is involved in an interference, the amendment must comply with the requirements of this section and must be accompanied by a motion under § 1.634. Such amendment must be accompanied by:

(1) A petition including a statement from each person being added as an inventor and from each person being deleted as an inventor that the error in inventorship occurred without deceptive intention on his or her part;

(2) An oath or declaration by the actual inventor or inventors as required by § 1.63 or as permitted by §§ 1.42, 1.43 or 1.47;

(3) The fee set forth in § 1.17(i); and

(4) If an assignment has been executed by any of the original named inventors, the written consent of the assignee (see § 3.73(b)).

(b) If the correct inventors are named in a nonprovisional application, other than a reissue application, and the prosecution of the application results in the amendment or cancellation of claims so that fewer than all of the

currently named inventors are the actual inventors of the invention being claimed in the application, an amendment must be filed deleting the name or names of the person or persons who are not inventors of the invention being claimed. When the application is involved in an interference, the amendment must comply with the requirements of this section and must be accompanied by a motion under § 1.634. Such amendment must be accompanied by:

(1) A petition including a statement identifying each named inventor who is being deleted and acknowledging that the inventor's invention is no longer being claimed in the application; and

(2) The fee set forth in § 1.17(i).

(c) If a nonprovisional application, other than a reissue application, discloses unclaimed subject matter by an inventor or inventors not named in the application, the application may be amended to add claims to the subject matter and name the correct inventors for the application. When the application is involved in an interference, the amendment must comply with the requirements of this section and must be accompanied by a motion under § 1.634. Such amendment must be accompanied by:

(1) A petition including a statement from each person being added as an inventor that the amendment is necessitated by amendment of the claims and that the inventorship error occurred without deceptive intention on his or her part;

(2) An oath or declaration by the actual inventor or inventors as required by § 1.63 or as permitted by §§ 1.42, 1.43 or 1.47;

(3) The fee set forth in § 1.17(i); and

(4) If an assignment has been executed by any of the original named inventors, the written consent of the assignee (see § 3.73(b)).

(d) If the name or names of an inventor or inventors were omitted in a provisional application through error without any deceptive intention on the part of the omitted inventor or inventors, the provisional application may be amended to add the name or names of the omitted inventor or inventors. Such amendment must be accompanied by:
