

Application, or any portion of an Application, requires an EIS. However, it may be readily apparent that a proposed action in an Application will have a significant impact on the environment; in such cases, an environmental assessment is not required and the Fund shall immediately begin to prepare, or have prepared, an EIS.

(b) An EIS normally is required where an Application proposes to directly use financial assistance from the Fund for any Project that would:

(1) Remove, demolish, convert, or substantially rehabilitate 2,500 or more existing housing units, or would result in the construction or installation of 2,500 or more new housing units, or which would provide sites for 2,500 or more new housing units; or

(2) Remove, demolish, convert, or substantially rehabilitate 1,500,000 square feet or more of commercial space, or would result in the construction or installation of 1,500,000 square feet or more of new commercial space, or which would provide sites for 1,500,000 square feet or more of new commercial space.

§ 1815.109 Preparation of an EIS.

(a) If the Fund determines that an EIS should be prepared, it shall publish a notice of intent in the FEDERAL REGISTER in accordance with 40 CFR 1501.7 and 1508.22 of the CEQ regulations. After publishing the notice of intent, the Fund shall begin to prepare or have prepared the EIS. Procedures for preparing the EIS are set forth in 40 CFR part 1502 of the CEQ regulations.

(b) The Fund may supplement a draft or final EIS at any time. The Fund shall prepare or have prepared a supplement to either the draft or final EIS when:

(1) Substantial changes are proposed to an action contained in the draft or final EIS that are relevant to environmental concerns or there are significant new circumstances or information relevant to environmental concerns and bearing on the proposed action or its impacts; or

(2) Actions are proposed which relate or are similar to other action(s) taken or proposed and that together have a cumulatively significant impact on the environment.

§ 1815.110 Categorical exclusion.

The CEQ regulations provide for the categorical exclusion of actions that do not individually or cumulatively have a significant effect on the human environment (40 CFR 1508.4). Therefore, neither an environmental assessment nor an EIS is required for such actions. An action which falls into one of the categories below may still require the preparation of an EIS or environmental assessment if the designated Fund official determines it meets the criteria stated in § 1815.109 or involves extraordinary circumstances that may have a significant environmental effect. The Fund has determined the following categorical exclusions:

(a) Actions directly related to the administration or operation of the Fund (e.g. personnel actions, including, but not limited to, staff recruitment and training; purchase of goods and services for the Fund, including, but not limited to, furnishings, equipment, supplies and services; space acquisition; property management; and security);

(b) Actions directly related to and implementing proposals for which an environmental assessment or an environmental assessment and EIS have been prepared;

(c) Actions directly related to the granting or receipt of Bank Enterprise Act awards pursuant to part 1806 of this chapter;

(d) Actions directly related to training and/or technical assistance;

(e) Projects for the acquisition, disposition, rehabilitation and/or modernization of 500 existing housing units or less when all the following conditions are met:

(1) Unit density is not increased more than 20 percent;

(2) The Project does not involve changes in land use from nonresidential to residential;

(3) The estimated cost of rehabilitation is less than 75 percent of the total estimated cost of replacement after rehabilitation; and

(4) The Project does not involve the demolition of one or more buildings containing the primary use served by the project that, together, have more than 20 percent of the square footage of the Project;
