mates of the value of collateral held or assets owned. This section sets forth the responsibilities of management to develop, implement, and maintain appraisal standards in determining compliance with the appraisal requirements of §§ 563.170 and 563.172 of this part.

(b) *Definition.* For purposes of this section, management means: the directors and officers of a savings association, or service corporation of such savings association, as those terms are defined in §§ 561.18 and 561.35 of this chapter respectively.

These guidelines shall set forth specific factors to be considered by management including, but not limited to, an appraiser's State certification or licensing, professional education, and type of experience. An appraiser's membership in professional appraisal organizations may be considered consistent with the requirements of § 564.6

(3) Management shall review on an annual basis the performance of all approved appraisers used within the preceding 12-month period for compliance with (i) the savings association's appraisal policies and procedures; and (ii)
