

EDITORIAL NOTE: For *Federal Register* citations affecting §94.1, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and on GPO Access.

§94.1a Criteria for determining the separate status of a territory or possession as to rinderpest and foot-and-mouth disease.

(a) The Secretary of Agriculture will make a determination as to whether a territory or possession may be deemed separate from the mother region, in which rinderpest or foot-and-mouth disease has been determined to exist, for the purposes of section 306(a) of the Act of June 17, 1930, as amended (19 U.S.C. 1306(a)), only if:

(1) The official authority of that territory or possession, having responsibility for animal health matters, has declared such territory or possession free of rinderpest and foot-and-mouth disease;

(2) The territory or possession is geographically separate from the mother region and has full autonomy from the mother region in all animal health matters, including import and export;

(3) The territory or possession has a veterinary service which is capable of speedily detecting rinderpest or foot-and-mouth disease and which is comprised of veterinarians who:

(i) Are employed as officials of the government of the territory or possession,

(ii) Are graduates of a recognized school of veterinary medicine, and

(iii) Are assigned in sufficient numbers and are so distributed, with respect to the livestock population, to be able to promptly recognize the existence of rinderpest and foot-and-mouth disease;

(4) A laboratory capable of diagnosing rinderpest and foot-and-mouth disease is available to the veterinary service of the territory or possession;

(5) Vaccinations for foot-and-mouth disease or rinderpest are not permitted in the territory or possession;

(6) The reporting of rinderpest or foot-and-mouth disease to the veterinary authorities of the territory or possession is required by anyone who has notice of the existence of these diseases;

(7) Laws and regulations are in effect and are administered in such manner as to insure against the introduction of foot-and-mouth disease or rinderpest through the importation of animals, meat, and animal products from regions, including the mother region, declared by the United States Secretary of Agriculture to be regions where foot-and-mouth disease or rinderpest exist;

(8) Animals introduced into the territory or possession from rinderpest or foot-and-mouth disease infected regions, including the mother region, are imported through a quarantine station and under conditions acceptable to the Secretary of Agriculture of the United States, and such conditions include, but are not restricted to:

(i) Tests deemed necessary for the detection of rinderpest and foot-and-mouth disease,

(ii) Quarantine deemed necessary for the detection of rinderpest and foot-and-mouth disease, and

(iii) Opportunity for observation by a United States Department of Agriculture veterinarian during all phases of the import procedures;

(b) An on-site inspection by a veterinary representative of the United States Department of Agriculture to determine whether the criteria in this section are met shall be made of the territory or possession before any final determination is made as to its status.

[39 FR 13069, Apr. 11, 1974, as amended at 62 FR 56021, Oct. 28, 1997]

§94.2 Fresh (chilled or frozen) products (other than meat), and milk and milk products of ruminants and swine.

(a) The importation of fresh (chilled or frozen) products (other than meat and milk and milk products) derived from ruminants or swine, originating in, shipped from, or transiting any region designated in §94.1(a) as a region infected with rinderpest or foot-and-mouth disease is prohibited, except as provided in §94.3 and parts 95 and 96 of this chapter.

(b) The importation of milk and milk products of ruminants and swine originating in, shipped from, or transiting any region designated in §94.1(a) as a region infected with rinderpest or foot-
