§ 101-20.103-5 Initiating action under Occupant Emergency Programs.

(a) The decision to activate the Occupant Emergency Organization shall be made by the Designated Official, or by the designated alternate official. Decisions to activate shall be based upon the best available information, including an understanding of local tensions, the sensitivity of target agency(ies), and previous experience with similar situations. Advice shall be solicited, when possible, from the GSA buildings manager, from the appropriate Federal Protective Service official, and from Federal, State, and local law enforcement agencies.

(b) When there is immediate danger to persons or property, such as fire, explosion, or the discovery of an explosive device (not including a bomb threat), occupants shall be evacuated or relocated in accordance with the plan without consultation. This shall be accomplished by sounding the fire alarm system or by other appropriate means.

(c) When there is advance notice of an emergency, the Designated Official shall initiate appropriate action according to the plan.

(d) After normal duty hours, the senior Federal official present shall represent the Designated Official or his/her alternates and shall initiate action to cope with emergencies in accordance with the plans.

§ 101-20.104 Parking facilities.

(a) Parking facilities shall be compatible with the character of neighborhoods and consistent with local planning requirements. They shall not adversely affect the use or appearance of property, and shall not create traffic hazards.

(b) As necessary or upon agency request, GSA may provide for the regulation and policing of parking facilities. GSA will consult with primary occupant agencies prior to implementing procedural changes. Such regulation and policing may include:

(1) The issuance of traffic rules and regulations;

(2) The installation of signs and markings for traffic control. (Signs and markings shall be in conformance with the Manual on Uniform Traffic Control Devices published by the Department of Transportation);

(3) The issuance of citations for parking violations; and

(4) The immobilization or removal of illegally parked vehicles.

(c) When the use of parking space is controlled as in paragraph (b) of this section, all privately owned vehicles other than those authorized to use designated visitor or service areas must display a parking permit. This requirement may be waived in parking facilities where the number of available space regularly exceeds the demand for such spaces.
