

§ 101-28.306-5

the GSA Regional Administrator in coordination with FSS Central Office. Under the procedures of a nationwide purge, CSC accounts become invalid as of a specific date established by the Commissioner, FSS, GSA, or by a Regional Administrator, and new CSC accounts are established upon receipt of new applications.

§ 101-28.306-5 Safeguards.

Agencies shall establish internal controls to ensure that the customer access codes assigned for their accounts are properly protected. It is by use of these access codes that orders are accepted by the CSC and these codes determine the ship-to points for all orders filled by the CSC with the exception of orders picked up at the CSC by the customer. GSA will not change the ship-to location associated with the customer access code except upon receipt of a written request to do so, signed by a duly authorized official of the customer activity.

§ 101-28.306-6 Sensitive items.

Many items stocked by the CSCs may be considered sensitive based upon standard criteria factors such as propensity for personal use, the potential for embarrassment of GSA and customer agencies, the level of customer complaints, and control as an accountable item of personal property. Each customer activity shall take all appropriate measures necessary to ensure that all items are properly controlled within its activity and are purchased solely for official Government use.

§ 101-28.306-7 Responsibility for operation.

The GSA Regional Administrator is responsible for the operation of any CSCs located within his or her region.
