

## Bureau of Land Management, Interior

## § 2653.7

(2) Upon receipt of the applications of a Native group for a determination of its eligibility under section 14(h)(2) of the Act, the Bureau of Land Management shall segregate the land encompassed within the group locality from land available for that purpose pursuant to §2653.6(b)(1). However, segregation of land for Native groups whose dwelling structures are located outside but adjacent to a National Wildlife Refuge or National Forest shall not include such reserved land, unless the Native group's dwelling structures are located on land excepted from the Kodiak National Wildlife Refuge pursuant to Public Land Order 1634 (FR Doc. 58-3696, filed May 16, 1958).

(3) The Bureau of Indian Affairs shall visit the locality of the group and shall recommend to the Bureau of Land Management the manner in which the segregation should be modified to encompass the residences of as many members as possible while allowing for the inclusion of the land most intensively used by members of the Native group. The recommended segregation must be contiguous and as compact as possible. The Bureau of Land Management may segregate the land accordingly provided such lands are otherwise available in accordance with paragraph (b)(1) and (b)(2). If the Bureau of Land Management finds the lands are unavailable for selection by a Native group, it shall notify the Bureau of Indian Affairs.

(4) Selections shall be made from lands segregated for that purpose and shall be filed prior to July 1, 1976. Selections shall be contiguous and taking into account the situation and potential uses of the lands involved, the total area selected shall be reasonably compact except where separated by lands which are unavailable for selection. The total area selected will not be considered to be reasonably compact if (i) it excludes other lands available for selection within its exterior boundaries; or (ii) an isolated tract of public land of less than 640 acres remains after selection. The lands selected shall be in quarter sections where they are available unless the exhaustion of the acreage which the group may be entitled to select does not permit the selection of a quarter section and shall in-

clude all available lands in less than quarter sections. Lands selected shall conform as nearly as practicable to the United States land survey system.

(5) A Native group whose eligibility has not been finally determined may file its land selections as if it were determined to be eligible. The Bureau of Land Management shall release from segregation the lands not selected and shall continue segregation of the selected land until the lands are conveyed or the group is finally determined to be ineligible. However, in the case of a group determined to be ineligible by the Board of Land Appeals, the segregation shall be continued for a period of 60 days from the date of such decision.

(6) Where any conflict in land selection occurs between any eligible Native groups, the Bureau of Land Management shall request the appropriate regional corporation to recommend the manner in which such conflict should be resolved.

(7) The Bureau of Land Management shall issue a decision on the selection of a Native group determined to be eligible and shall serve a copy of such decision by certified mail on the Native group, its regional corporation and any party of record and the decision shall be published in accordance with §2650.7 of this part.

(8) Appeals from the Bureau of Land Management decision on the selection by a Native group under this section shall be made to the Board of Land Appeals in accordance with 43 CFR part 4, subpart E.

### § 2653.7 Sitka-Kenai-Juneau-Kodiak selections.

(a) The corporations representing the Natives residing in Sitka, Kenai, Juneau, and Kodiak, who incorporate under the laws of the State of Alaska, may each select the surface estate of up to 23,040 acres of lands of similar character located in reasonable proximity to those municipalities.

(b) The corporations representing the Natives residing in Sitka, Kenai, Juneau, and Kodiak, shall nominate not less than 92,160 acres of lands within 50 miles of each of the four named cities

which are similar in character to the lands in which each of the cities is located. After review and public hearings, the Secretary shall withdraw up to 46,080 acres near each of the cities from the lands nominated. Each corporation representing the Native residents of the four named cities may select not more than one-half the area withdrawn for selection by that corporation. The Secretary shall convey the area selected.

### § 2653.8 Primary place of residence.

(a) An application under this subpart may be made by a Native who occupied land as a primary place of residence on August 31, 1971.

(b) Applications for a primary place of residence must be filed not later than December 18, 1973.

### § 2653.8-1 Acreage to be conveyed.

A Native may secure title to the surface estate of only a single tract not to exceed 160 acres under the provisions of this subpart, and shall be limited to the acreage actually occupied and used. An application for title under this subpart shall be accompanied by a certification by the applicant that he will not receive title to any other tract of land pursuant to sections 14 (c)(2), (h)(2), or 18 of the Act.

### § 2653.8-2 Primary place of residence criteria.

(a) *Periods of occupancy.* Casual or occasional use will not be considered as occupancy sufficient to make the tract applied for a primary place of residence.

(b) *Improvements constructed on the land.* (1) Must have a dwelling.

(2) May include associated structures such as food cellars, drying racks, caches etc.

(c) *Evidence of occupancy.* Must have evidence of permanent or seasonal occupancy for substantial periods of time.

### § 2653.8-3 Appeals.

Appeals from decisions made by the Bureau of Land Management on applications filed pursuant to section 14(h)(5) of the Act shall be made to the

### § 2653.9 Regional selections.

(a) Applications by a regional corporation for selection of land within its boundaries under section 14(h)(8) of the Act shall be filed with the proper office of the Bureau of Land Management in accordance with § 2650.2(a). Selections made under section 14(h)(1), (2), (3), and (5) of the Act will take priority over selections made pursuant to section 14(h)(8). Lands available for section 14(h)(8) selections are those lands originally withdrawn under section 11(a)(1), (3), or 16(a) of the Act and not conveyed pursuant to selections made under sections 12(a), (b), or (c), 16(b) or 19 of the Act.

(b) A regional corporation may select a total area in excess of its entitlement to ensure that it will obtain its entitlement in the event of any conflicts. Any acreage in excess of its entitlement shall be identified as alternate selections and shall be numerically ordered on a section by section basis to indicate selection preference.

(c) Selections need not be contiguous but must be made along section lines in reasonably compact tracts of at least 5,760 acres, not including any unavailable land contained therein. The exterior boundaries of such tracts shall be in linear segments of not less than two miles in length, except where adjoining unavailable lands or where shorter segments are necessary to follow section lines where township lines are offset along standard parallels caused by the convergence of the meridians. However, selected tracts may contain less than 5,760 acres where there is good cause shown for such selection, taking into consideration good land management planning and principles for the potentially remaining public lands, and which would not leave unduly fragmented tracts of such public lands. Each tract selected shall not be considered to be reasonably compact if (1) it excludes other lands for selection within its exterior boundaries, or (2) an isolated tract of public land of less than 1,280 acres remains after selection of the total entitlement. Regional corporations shall not
