

Fishery Conservation and Management

§ 635.43

the original BSD that accompanied the import shipment the correct information and intermediate importer's certification specified in § 635.43(a)(13) and must note on the top of the BSD the entry number assigned at the time of filing the entry summary. This requirement does not apply to bluefin tuna destined from one foreign country to another which transits the United States and for which an entry summary (Customs Form 7501 or electronic equivalent) is not filed and for which a Shipper's Export Declaration for in-transit merchandise (Customs Form 7513 or electronic equivalent) is filed. Customs Form 7513 can be obtained by contacting U.S. Customs at <http://www.customs.treas.gov/order.htm>.

(3) A dealer must submit the original of the completed BSD to accompany the shipment of bluefin tuna to its export or re-export destination. A copy of the BSD completed as specified under paragraph (b)(1) or (b)(2) of this section must be postmarked and mailed by said dealer to NMFS, at an address designated by NMFS, within 24 hours of the time the bluefin tuna was exported or re-exported from the United States.

(c) *Recordkeeping.* A dealer must retain at his or her principal place of business a copy of each BSD required to be submitted to NMFS pursuant to this section for a period of 2 years from the date on which it was submitted to NMFS.

[64 FR 29135, May 28, 1999, as amended at 66 FR 42805, Aug. 15, 2001]

§ 635.43 Contents of documentation.

(a) A BSD, to be deemed complete, must state:

(1) The document number assigned by the country issuing the document.

(2) The name of the country issuing the document, which must be the country whose flag vessel harvested the bluefin tuna, regardless of where the bluefin tuna is first landed.

(3) The name of the vessel that caught the fish and the vessel's registration number, if applicable.

(4) The name of the owner of the trap that caught the fish, if applicable.

(5) The point of export, which is the city, state or province, and country from which the bluefin tuna is first exported.

(6) The product type (fresh or frozen) and product form (round, gilled and gutted, dressed, fillet, or other).

(7) The method of fishing used to harvest the fish (e.g., purse seine, trap, rod and reel).

(8) The ocean area from which the fish was harvested (i.e., western Atlantic, eastern Atlantic, Mediterranean, or Pacific).

(9) The weight of each fish (in kilograms for the same product form previously specified).

(10) The identifying BSD tag number, if landed by vessels from countries with tagging programs.

(11) The name and license number of, and be signed and dated in the exporter's certification block by, the exporter.

(12) If applicable, the name and title of, and be signed and dated in the validation block by, a responsible government official of the country whose flag vessel caught the bluefin tuna (regardless of where the bluefin tuna are first landed) or by an official of an institution accredited by said government, with official government or accredited institution seal affixed, thus validating the information on the BSD.

(13) As applicable, the name(s) and address(es), including the name of the city and state or province of import, and the name(s) of the intermediate country(ies) or the name of the country of final destination, and license number(s) of, and be signed and dated in the importer's certification block by each intermediate and the final importer.

(b) An approved BSD may be obtained from NMFS to accompany exports of bluefin tuna from the United States. A bluefin tuna dealer in a country that does not provide an approved BSD to exporters may obtain an approved BSD from NMFS to accompany exports to the United States.

(c) A dealer who exports bluefin tuna to the United States may use the approved BSD obtainable from NMFS or a document developed by the country of export, if that country submits a copy to the ICCAT Executive Secretariat and NMFS concurs with the ICCAT Secretariat's determination

§ 635.44

50 CFR Ch. VI (10–1–02 Edition)

that the document meets the information requirements of the ICCAT recommendation. In such case, NMFS will provide a list of countries for which BSDs are approved, with examples of approved documents, to the appropriate official of the U.S. Customs Service. Effective upon the date indicated in such notice to the U.S. Customs Service, shipments of bluefin tuna or bluefin tuna products offered for importation from said country(ies) may be accompanied by either that country's approved BSD or by the BSD provided to the foreign country exporter by NMFS.

[64 FR 29135, May 28, 1999, as amended at 66 FR 42805, Aug. 15, 2001]

§ 635.44 Validation requirements.

(a) *Imports.* The approved BSD accompanying any import of bluefin tuna, regardless of whether the issuing country is a member of ICCAT, must be validated by a government official from the issuing country, unless NMFS waives this requirement for that country following a recommendation to do so by the ICCAT Secretariat. NMFS will furnish a list of countries for which government validation requirements are waived to the appropriate official of the U.S. Customs Service. Such list will indicate the circumstances of exemption for each issuing country and the non-government institutions, if any, accredited to validate BSDs for that country.

(b) *Exports.* The approved BSD accompanying any export of bluefin tuna from the United States must be validated by a U.S. Government official, except pursuant to a waiver, if any, specified on the form and accompanying instructions, or in a letter to the permitted dealer from NMFS. Any waiver of government validation will be consistent with ICCAT recommendations concerning validation of BSDs. If authorized, such waiver of government validation may include:

(1) Exemptions from government validation for fish with individual BSD tags affixed pursuant to § 300.26 of this title or § 635.5(b)(2)(ii); or

(2) Validation by non-government officials authorized to do so by NMFS under paragraph (c) of this section.

(c) *Authorization for non-government validation.* An institution or association seeking authorization to validate BSDs accompanying exports from the United States must apply in writing to the Director for such authorization. The application must indicate the procedures to be used for verification of information to be validated, list the names, addresses, and telephone/fax numbers of individuals to perform validation, and provide an example of the stamp or seal to be applied to the BSD. NMFS, upon finding the institution or association capable of verifying the information required on the BSD, will issue, within 30 days, a letter specifying the duration of effectiveness and conditions of authority to validate BSDs accompanying exports from the United States. The effectiveness of such authorization will be delayed as necessary for NMFS to notify the ICCAT Secretariat of non-government institutions and associations authorized to validate BSDs.

[64 FR 29135, May 28, 1999, as amended at 66 FR 42805, Aug. 15, 2001]

§ 635.45 Products denied entry.

(a) All shipments of bluefin tuna or bluefin tuna products, or swordfish or swordfish products, in any form, harvested by a vessel under the jurisdiction of Belize or Honduras will be denied entry into the United States.

(b) All shipments of bluefin tuna or bluefin tuna products, in any form, harvested by a vessel under the jurisdiction of Equatorial Guinea will be denied entry into the United States.

[65 FR 77527, Dec. 12, 2000, as amended at 66 FR 42805, Aug. 15, 2001]

§ 635.46 Import requirements for swordfish.

(a) *General.* To facilitate enforcement of domestic regulations, a swordfish, or part thereof, less than the minimum size specified at § 635.20(e) may not be imported, or attempted to be imported, into the United States unless it is accompanied by the swordfish certificate of eligibility as specified in paragraph (b) of this section attesting either that the swordfish was harvested from an ocean area other than the Atlantic Ocean or that the fish part was derived
