

§ 635.44

50 CFR Ch. VI (10–1–02 Edition)

that the document meets the information requirements of the ICCAT recommendation. In such case, NMFS will provide a list of countries for which BSDs are approved, with examples of approved documents, to the appropriate official of the U.S. Customs Service. Effective upon the date indicated in such notice to the U.S. Customs Service, shipments of bluefin tuna or bluefin tuna products offered for importation from said country(ies) may be accompanied by either that country's approved BSD or by the BSD provided to the foreign country exporter by NMFS.

[64 FR 29135, May 28, 1999, as amended at 66 FR 42805, Aug. 15, 2001]

§ 635.44 Validation requirements.

(a) *Imports.* The approved BSD accompanying any import of bluefin tuna, regardless of whether the issuing country is a member of ICCAT, must be validated by a government official from the issuing country, unless NMFS waives this requirement for that country following a recommendation to do so by the ICCAT Secretariat. NMFS will furnish a list of countries for which government validation requirements are waived to the appropriate official of the U.S. Customs Service. Such list will indicate the circumstances of exemption for each issuing country and the non-government institutions, if any, accredited to validate BSDs for that country.

(b) *Exports.* The approved BSD accompanying any export of bluefin tuna from the United States must be validated by a U.S. Government official, except pursuant to a waiver, if any, specified on the form and accompanying instructions, or in a letter to the permitted dealer from NMFS. Any waiver of government validation will be consistent with ICCAT recommendations concerning validation of BSDs. If authorized, such waiver of government validation may include:

(1) Exemptions from government validation for fish with individual BSD tags affixed pursuant to § 300.26 of this title or § 635.5(b)(2)(ii); or

(2) Validation by non-government officials authorized to do so by NMFS under paragraph (c) of this section.

(c) *Authorization for non-government validation.* An institution or association seeking authorization to validate BSDs accompanying exports from the United States must apply in writing to the Director for such authorization. The application must indicate the procedures to be used for verification of information to be validated, list the names, addresses, and telephone/fax numbers of individuals to perform validation, and provide an example of the stamp or seal to be applied to the BSD. NMFS, upon finding the institution or association capable of verifying the information required on the BSD, will issue, within 30 days, a letter specifying the duration of effectiveness and conditions of authority to validate BSDs accompanying exports from the United States. The effectiveness of such authorization will be delayed as necessary for NMFS to notify the ICCAT Secretariat of non-government institutions and associations authorized to validate BSDs.

§ 635.45 Products denied entry.

(a) All shipments of bluefin tuna or bluefin tuna products, or swordfish or swordfish products, in any form, harvested by a vessel under the jurisdiction of Belize or Honduras will be denied entry into the United States.

(b) All shipments of bluefin tuna or bluefin tuna products, in any form, harvested by a vessel under the jurisdiction of Equatorial Guinea will be denied entry into the United States.

[65 FR 77527, Dec. 12, 2000, as amended at 66 FR 42805, Aug. 15, 2001]

§ 635.46 Import requirements for swordfish.

(a) *General.* To facilitate enforcement of domestic regulations, a swordfish, or part thereof, less than the minimum size specified at § 635.20(e) may not be imported, or attempted to be imported, into the United States unless it is accompanied by the swordfish certificate of eligibility as specified in paragraph (b) of this section attesting either that the swordfish was harvested from an ocean area other than the Atlantic Ocean or that the fish part was derived

Fishery Conservation and Management

§ 635.51

from a swordfish, harvested from the Atlantic Ocean, that weighed at least 33 lb (15 kg) dw at harvest.

(b) *Swordfish COE*. (1) A shipment of swordfish in any form offered for import into the United States, directly or indirectly, from any country is admissible only if accompanied by a swordfish COE. A swordfish COE is required for swordfish identified by any item number from the Harmonized Tariff Schedule including but not limited to the following:

(i) Fresh or chilled swordfish steaks, No. 0302.69.20.41.

(ii) Fresh or chilled swordfish, excluding steaks, No. 0302.69.20.49.

(iii) Frozen swordfish steaks, No. 0302.79.20.41.

(iv) Frozen swordfish, excluding fillets, steaks and other fish meat, No. 0302.79.20.49.

(v) Frozen swordfish, fillets, No. 0304.20.60.92.

(2) The swordfish COE required under this section must indicate, in English, the flag state of the harvesting vessel, the ocean area of harvest and, if the shipment contains swordfish or parts thereof less than the minimum size specified at § 635.20(e), the reason such swordfish is eligible for entry, as specified in paragraph (a) of this section. The swordfish COE shall be attached to the invoice accompanying the swordfish shipment from the point of original export up to and including the point of first transaction in the United States.

(3) The swordfish COE required under this section must include, in English, the date, the name, the title of the governmental official or other authorized person, and the name of the authorizing government agency of the country exporting the swordfish to the United States. The swordfish COE must be signed and dated by that governmental official or authorized person with an official government seal affixed, thus validating the information on the COE. (4) A swordfish COE may refer to swordfish taken from only one ocean area of harvest (i.e., Atlantic, Pacific, Indian) and by vessels under the jurisdiction of only one nation. If a shipment contains swordfish taken from more than one ocean area, or swordfish harvested by several vessels

from different flag states, a separate swordfish COE must accompany the shipment for each ocean area of harvest and for each flag nation of the harvesting vessels.

(5) A model swordfish COE can be obtained by contacting the Division Chief. An equivalent form may be used provided it contains all the information required under this section.

(6) The importer must write the Customs Form 7501 entry number on each swordfish COE and attach to the dealer report form all swordfish COEs from shipments that are recorded on the bi-weekly dealer report form.

§ 635.47 Ports of entry.

NMFS shall monitor the importation of bluefin tuna and swordfish into the United States. If NMFS determines that the diversity of handling practices at certain ports at which bluefin tuna or swordfish is being imported into the United States allows for circumvention of the BSD or swordfish COE requirement, NMFS may designate, after consultation with the U.S. Customs Service, those ports at which Pacific or Atlantic bluefin tuna or swordfish from any source may be imported into the United States. NMFS shall announce through filing with the Office of the Federal Register for publication the names of ports so designated and the effective dates of entry restrictions.

Subpart E—International Port Inspection

§ 635.50 Basis and purpose.

The regulations in this subpart implement the ICCAT port inspection scheme. The text of the ICCAT port inspection scheme may be obtained from NMFS.

§ 635.51 Authorized officer.

For the purposes of this subpart, an authorized officer is a person appointed by an ICCAT contracting party to serve as an authorized inspector for ICCAT, and who possesses identification issued by the authorized officer's national government.
