

## Fishery Conservation and Management

## § 640.22

(4) *Possession of spiny lobsters.* In the EEZ off Florida and the Gulf states, a whole or a part of a spiny lobster subject to these regulations may only be possessed during the commercial and recreational fishing season and the special recreational fishing season specified in §640.20, unless accompanied by proof of lawful harvest in the waters of a foreign nation. Consistent with the provisions of paragraphs (b)(3)(i) and (ii) of this section, a spiny lobster in a trap in this area will not be deemed to be possessed provided such spiny lobster is returned immediately to the water unharmed when a trap is removed from the water between March 31 and April 15.

(c) *Primacy of seasonal restrictions in the EEZ off Florida.* The seasonal restrictions applicable in the EEZ off Florida apply to all spiny lobsters and traps in the EEZ off Florida, without regard to harvest or use elsewhere, unless accompanied by proof of lawful harvest elsewhere.

[60 FR 41831, Aug. 14, 1995]

### § 640.21 Harvest limitations.

(a) *Berried lobsters.* A berried (egg-bearing) spiny lobster or slipper lobster in or from the EEZ must be returned immediately to the water unharmed. If found in a trap in the EEZ, a berried spiny lobster or slipper lobster may not be retained in the trap. A berried spiny lobster or slipper lobster in or from the EEZ may not be stripped of its eggs or otherwise molested. The possession of a spiny lobster or slipper lobster, or part thereof, in or from the EEZ from which eggs, swimmerettes, or pleopods have been removed or stripped is prohibited.

(b) *Minimum size limits.* (1) Except as provided in paragraph (c) of this section—

(i) No person may possess a spiny lobster in or from the EEZ with a carapace length of 3.0 inches (7.62 cm) or less; and

(ii) A spiny lobster, harvested in the EEZ by means other than diving, with a carapace length of 3.0 inches (7.62 cm) or less must be returned immediately to the water unharmed.

(2) No person may harvest or attempt to harvest a spiny lobster by diving in the EEZ unless he or she possesses, while in the water, a measuring device

capable of measuring the carapace length. A spiny lobster captured by a diver must be measured in the water using such measuring device and, if the spiny lobster has a carapace length of 3.0 inches (7.62 cm) or less, it must be released unharmed immediately without removal from the water.

(3) Aboard a vessel authorized under paragraph (d) of this section to possess a separated spiny lobster tail, no person may possess in or from the EEZ a separated spiny lobster tail with a tail length less than 5.5 inches (13.97 cm).

(c) *Undersized attractants.* A live spiny lobster under the minimum size limit specified in paragraph (b)(1) of this section that is harvested in the EEZ by a trap may be retained aboard the harvesting vessel for future use as an attractant in a trap provided it is held in a live well aboard the vessel. No more than fifty undersized spiny lobsters, or one per trap aboard the vessel, whichever is greater, may be retained aboard for use as attractants. The live well must provide a minimum of  $\frac{3}{4}$  gallons (1.7 liters) of seawater per spiny lobster. An undersized spiny lobster so retained must be released to the water alive and unharmed immediately upon leaving the trap lines and prior to one hour after official sunset each day.

(d) *Tail separation.* The possession aboard a fishing vessel of a separated spiny lobster tail in or from the EEZ is authorized only when the possession is incidental to fishing exclusively in the EEZ on a trip of 48 hours or more and a Federal tail-separation permit specified in §640.4(a)(2) has been issued to and is on board the vessel.

[57 FR 56520, Nov. 30, 1992, as amended at 59 FR 53119, Oct. 21, 1994]

### § 640.22 Gear and diving restrictions.

(a) *Prohibited gear and methods.* (1) A spiny lobster may not be taken in the EEZ with a spear, hook, or similar device, or gear containing such devices. In the EEZ, the possession of a speared, pierced, or punctured spiny lobster is *prima facie* evidence that prohibited gear was used to take such lobster. Hook, as used in this paragraph (a)(1), does not include a hook in a hook-and-line fishery for species other than spiny lobster; and possession of a spiny lobster that has been speared, pierced,
