(2) A minimum of 15 days should be allowed for processing a permit application. If an incomplete or improperly completed application is filed, the applicant will be sent a notice of deficiency. If the applicant fails to correct the deficiency within 30 days following the date of notification, the application will be considered abandoned.

(d) *Change in application information.* A minimum of 10 days should be given for the Pacific Area Office to record any change in information from the permit application submitted under paragraph (c) of this section. Failure to report such changes may result in invalidation of the permit.

(e) *Issuance.* After receiving a complete application, the FMD will issue a permit to an applicant who is eligible under § 660.21, § 660.41, § 660.61, or § 660.81, as appropriate.

(f) *Fees.* (1) PIAO will not charge a fee for a permit issued under subpart D or F of this part, or for a Ho'omalau Zone limited access permit issued under § 660.61.

(2) PIAO will charge a fee for each application for a Hawaii longline limited access permit (including permit transfers and permit renewals) and Mau Zone limited access permit (including permit renewals). The amount of the fee is calculated in accordance with the procedures of the NOAA Finance Handbook, available from the Regional Administrator, for determining the administrative costs of each special product or service. The fee may not exceed such costs and is specified with each application form. The appropriate fee must accompany each application. Failure to pay the fee will preclude issuance of a Hawaii longline or Mau Zone limited access permit.

(g) *Expiration.* (1) Permits issued under subparts C, D, and F of this part are valid for the period specified on the permit unless transferred, revoked, suspended, or modified under 15 CFR part 904.

(2) Permits issued under subpart E of this part expire at 2400 local time on December 31.

(h) *Replacement.* Replacement permits may be issued, without charge, to replace lost or mutilated permits. An application for a replacement permit is not considered a new application.

(i) *Transfer.* An application for a permit transfer under §§ 660.21(h), 660.41(e), or 660.61(e), or for registration of a permit for use with a replacement vessel under § 660.61(k), must be submitted to the PIAO as described in paragraph (c) of this section.

(j) *Alteration.* Any permit that has been altered, erased, or mutilated is invalid.

(k) *Display.* Any permit issued under this subpart, or a facsimile of the permit, must be on board the vessel at all times while the vessel is fishing for, taking, retaining, possessing, or landing management unit species shoreward of the outer boundary of the fishery management area. Any permit issued under this section must be displayed for inspection upon request of an authorized officer.

(l) *Sanctions.* Procedures governing sanctions and denials are found at subpart D of 15 CFR part 904.
